Message from Fabric Conveners (John and Carl)

With the hotter summer months now behind us, we are once again appealing for volunteers from our church congregation, as well as your friends and associates.

After six months of working on the church buildings, grounds and graves they are looking maintained and cared for. But this has not happened without a lot of time and hard work from both Carl and I.

I trust it is noticeable to both our visitors and members of the congregation and that it makes you want to join in and help us!

There are lots to still do and many more projects that need your support and participation! None of these projects can get done on their own. So please don't leave it just up to Carl and myself, or be thinking it can be left for someone else to do.

Let's show we care about the way things look at our church!

A good percentage of the graves are freshly painted (over 100). However they need continued upkeep and the 50+ lower level graves still require a second coat.

You can choose to adopt a small section of a graveyard area or perhaps planting of flower beds that you will commit to be responsible for the ongoing upkeep.

There are many Cedar doors, church sign posts, interior painting of church hall that all need attention. You can choose to help fund a project like new curtains needed in either church halls or help with financing materials or else towards special labor costs!

September should bring cooler weather and so we appeal to you to step up and be part of the Fabric team so we can continue to make a difference!

Carl and I will work with any willing volunteers, selecting projects suitable for you, supplying materials and guidance. Just contact either one of us by phone or email and we will help to answer any questions you may have on how you can become involved.

Let us know when you are available and what times you can volunteer, along with letting us know a preferred project that you are prepared to take on.
